The New Mexico Educational Assistance Foundation (the “Foundation”) hereby amends the Consent Solicitation Statement and Accompanying Consent Form Dated January 27, 2021 and the form of the Supplemental Indenture attached thereto (as the deadline for returning consents has previously been extended) (the “Consent Solicitation Documents”) solely for the purposes of reflecting that, if approved as provided therein, the early redemption of the Bonds would be at a price of 100.9% of outstanding principal (instead of 100% of principal as previously provided therein), plus accrued interest.

The Foundation is soliciting the consent of a majority of the holders of the above-captioned bonds (the “Bonds”) as of the record date of January 27, 2021 to a Supplemental Indenture which will permit the early redemption of the Bonds.

Upon the redemption of a Bond, an owner of the Bond generally will recognize gain or loss for tax purposes in an amount equal to the difference between the amount received on the redemption of the Bond (other than in respect of accrued and unpaid interest) and such owner’s adjusted tax basis in the Bond. To the extent a Bond is held as a capital asset, such gain or loss will be capital gain or loss and will be long-term capital gain or loss if the Bond has been held for more than 12 months at the time of redemption.

The Consent Solicitation Documents were furnished to each Bondholder, to which you are referred for more information. Other than as amended above, all other terms of the Consent Solicitation Documents continue in full force and effect, including (i) the extended deadline for returning consents to the solicitation to 5 p.m. (New York City time) on March 25, 2021 and (ii) that all consents previously received remain in effect and are irrevocable.
